

WES NOSTRESS

Complementary feed for horses

In the calm lies the power

PRODUCT INFORMATION

- Highly efficient magnesium, vitamin B12 and herbal components for muscle and nerve function
- In potentially stressful situations such as transports, tournaments, stable changes, etc.
- Innovative liposomal encapsulation of micronutrients

In **WES NoStress**, magnesium for muscle and nerve function and herbs with calming properties are combined into a real „anti-stress liquid“.

WES NoStress features improved absorption due to innovative liposomal encapsulation of micronutrients.

WES NoStress is suitable for every type of horse due to the low dosage.

FEEDING RECOMMENDATION

Offer **approx. 5 ml per 100 kg body weight and day**

mixed with the crib feed or best administered directly via a mouth syringe approx. 30-60 min before the performance requirement (training, tournament, etc.).

Note: In case of need, double the amount can be given temporarily.

FEEDING ADVICE

This complementary feed may only be fed to horses up to 50 % of the daily ration (incl. hay) due to the higher content of vitamins and trace elements compared to complete feeds.

Please follow the feeding recommendation.

COMPOSITION

Magnesium citrate, short-chain fructo oligosaccharides, whole plant decomposition (passionflower, hops)

INGREDIENTS:

Crude protein	0.3 %
Crude fat	4.2 %
Crude fibre	0.1 %
Crude ash	0.2 %
Calcium	0 %
Phosphorus	0 %
Magnesium	1.6 %
Sodium	0 %

ADDITIVES PER KG:

Nutritional additives*	
Vitamin C 3a300	8 000 mg
Vitamin B1 3a821	2 000 mg
Vitamin B2 3a825i	4 000 mg
Vitamin B6 3a831	2 000 mg
Vitamin B12 / Cyanocobalamin	60 000 mcg
Niacinamide 3a315	2 500 mg
Technological additives*	
Lecithins 1c322i	50 000 mg

*Liposomal encapsulated nutrients
